Gorilla Glue #4 (Hybrid)

With a scent described as sweet and earthy, this strain will have you back for seconds thanks to its thick, satisfying smoke. Although sativa-dominant Gorilla Glue #4 is best for a day off, when you can fully enjoy the buzzing body high you'll be left with.

Gorilla Zkittles (Hybrid)

From the growers that brought you Ayahuasca Purple and Cherry Punch, this strain is covered in milky white trichomes and sweeps you away in a cloud of euphoria and relaxation. A skunky strain, perfect for smoking during the day to take the edge off.

Sundae Driver (Hybrid)

Created through crossing the delicious Fruity Pebbles and Grape Pie strains, this well-balanced hybrid, covered in thick red "hairs" (style), leaves you with a mellow, blissful high. Its sweet terpene profile leaves it smelling of fruit and very bitter chocolate. Don't smoke too much or this one may leave you paranoid or couch-locked.

Cartridges

Sour Diesel (Sativa)

An invigorating strain named after its pungent, diesel-like aroma. This fast-acting strain delivers energizing, cerebral effects that will make stress, pain, and depression fade away in long-lasting relief. A favorite among medical patients!

Gelato (Hybrid)

This sativa leaning hybrid will have you ready to socialize with its balanced, mellow high. Known to hit quickly, the most striking effect is a sense of altered perception, with some describing Gelato as having somewhat psychedelic effects. This strain's carefree elevation of mood can offer relief from headaches, anxiety, and depression.

Ace of Spades (Indica)

Ace of Spades has an earthy berry and citrus smell that carries over into the taste with distinctly lemony flavors. This one is a creeper, with body relaxation and pain relief setting in slowly, but surely, making it the perfect evening strain.

Flowers

Banana Glue (Hybrid)

Smelling of sweet citrus fruit, these big and dense nugs will sweep you off your feet. It has a smooth inhale and a super-rich exhale leaving you with a toasted chocolate aftertaste. It strikes a nice balance between being energizing and calming. A nice strain for hanging around the neighborhood on a Sunday.

GMO Cookies (Indica)

Get ready for Netflix, junkfood, and good times with this strain. Smelling of diesel fuel with some pepper and citrus notes, this one will relieve your aches and pains and lift your mood. Smoke too much and to the couch you will go.

Cartridges

Mango Kush (Indica)

This Kush kicks in immediately, producing a strong body high and euphoria, with the occasional case of the giggles. A classic munchies strain, Mango Kush is great for both calming nausea & easing anxiety.

Jack Herer (Sativa)

This strain's high provides an excellent balance between cerebral and physical effects, leaving users deeply relaxed but attentive and conversant. Its appealing flavor and well-rounded effects have made it a staple for medical & recreational users alike.

Ancient OG (Indica)

A descendent of an Iranian landrace and Snow Lotus, Ancient OG has thick resinous buds that exude aromatic notes of earthy pine and sweet citrus. Smoking this strain will have you soaring on cloud 9 with its uplifting and intense cerebral effects.

Jet Fuel (Sativa)

Jet Fuel's cerebral intensity is well suited to situations that call for deep creative thinking and problem solving. Once it hits, get ready for a surge of energy & euphoria - enough to plow through a busy day or a creative brainstorming session.
