#### **Pink Cookies** (Hybrid)

Also known as Wedding Cake, this phenotype has a great nose of sweet earthiness with a bit of spice and pepper. These dense and frosty nugs will send you off into a relaxed, uplifted, and mellow place. Great for listening to music, going to sleep, and relieving pain.

#### **Icicles** (Hybrid)

With its frosty exterior, you'll swear these nugs could melt away. Its sweet and earthy scent will draw you in, but it's the energetic and motivating high that will keep you coming back for more. The perfect strain for knocking out those household chores or working on a creative project!

#### **Big MAC 11** (Hybrid)

This cross between the extremely rare Biggie Small OG and MAC 11 smacks you right in the nose with its incredibly diesel smell. But, it doesn't stop there: this will tickle your nose with the smell of fresh pine and lemon. This strain will leave you feeling mellow and a bit zoned-out.

## Gift Guide

### Flowers

#### **Papaya Dream** (Hybrid)

Rare sativa-dominant hybrid created by crossing the famous Blue Dream and Papaya. This vibrant green nugs with bright orange pistils ("hairs") smell of earth, pine, and herbs. This strain has a strong cerebral high taking you to a creative, happy place. Finally, it leaves you with an awesome body high.

### Cartridges

#### **Tangie** (Sativa)

Tangie gives users the uplifting effects they are looking for. Cerebral characteristics include euphoria, creativity, focus, and happiness. It has a refreshing sweet aroma like tangerines mixed with a bit of skunkiness. Keep water near you cause this one is dry mouth central.

#### **White Widow** (Sativa-Dominant Hybrid)

An excellent choice for chatty social use, this one will hit you quickly with its cerebral effects. A puff or two will release a burst of euphoria and energy, stimulating both conversation and creativity. One of the most popular strains out there, White Widow has been carried in every Dutch coffeeshop since the 90's!
