

Penis Measuring

1

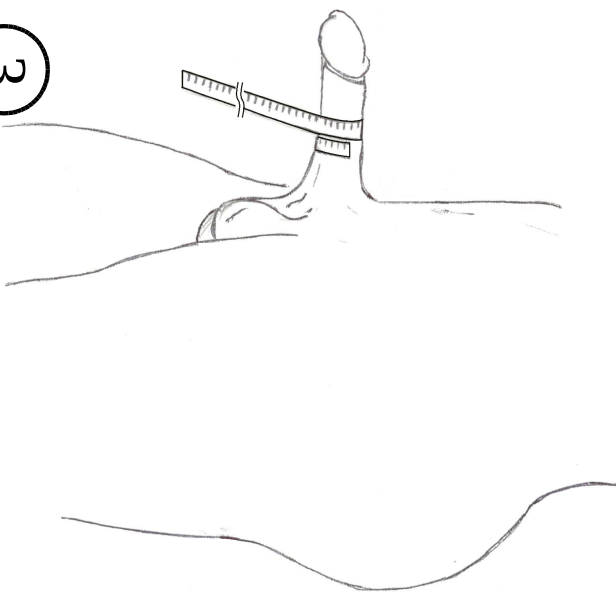

Print this instruction guide and cut out the measuring tape.

2

With your penis at its firmest state, place the ruler along the top touching your pelvic bone. Measure to the tip of the head.

3

With your penis at its firmest state, gently wrap the ruler around your penis. Take the measurement at the midpoint.

Printing Notes :

- Don't shrink to fit
- Print to scale 100%

Cut along the dotted line
