Avalon
Quality Saunas™

Precut Sauna Packages

Avalon Precut Quality Saunas are an excellent way to add value and luxury to your home or business. Like our Catalina models, they have 1" x 4" interior room paneling and 2" x 2" benchtops. Available in standard sizes from 3 x 4 to 10 x 12, or made to order for your custom framed and insulated space, the packages include the following components. All you need to add are basic carpentry skills.

- 1" x 4" Western Red Cedar boards (A Grade-knot free) for all walls and ceiling for horizontal installation
- Matching trim for ceiling (1" x 1"), base (1" x 2"), and corners (1" x 1")
- Assembled 2" x 2" Western Red Cedar benches with 2" x 4" facing
- Avalon SBA heater, Matrix Blue (baked on enamel) casing with built in controls
- Peridotite stones, 50# to 100#
- Cedar heater fence
- Prehung 2' x 6'8" Douglas Fir door with 16" x 60" clear glass window for RO of 26" x 82"
- Door casing and threshold
- Type C building foil
- P5511 wall light
- 0301K wood thermometer
- 102N 1 gal. wood bucket with plastic liner
- 106/40 wooden dipper
- V10 (2 sets) metal vents painted white
- SD12 Superdek flooring, terra cotta, for walking area of room
- Cedar headrests for upper benches

Options or Extras

- Wall control instead of controls on heater
- 12" x 60" clear glass sidelight window packed in crate
- Oversize jamb for doors

The accessories above are standard with every Avalon Precut Package.

Our Avalon Precut Packages include everything you need for a deluxe sauna interior. Boards are cut for horizontal installation. Each component is selected and crafted with close attention to quality and detail.

Model SWA

Model SBA (Standard)

Avalon heaters have a Matrix Blue baked enamel exterior and stainless steel interior. See our heater page for a full selection of heaters for all room sizes.

24" standard door has clear glass. Frosted obscure glass is available as an option. 30" and 36" doors are also available, select right or left hinge.
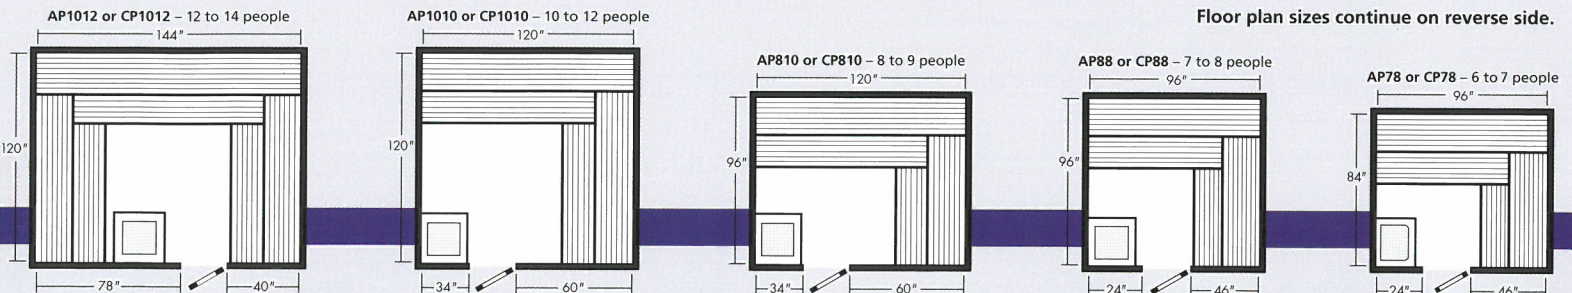

Clear   Obscure (Frosted)
