saunas

INTRODUCTION

Scandia's Pre-Cut Custom Saunas are crafted for seamless installation into a pre-existing room. With the proper preparations nearly any room can be transformed into a custom sauna just as you would create a home theater or game room. Scandia Manufacturing is available to help throughout the ordering process to ensure the correct sizing and choice of add-ons. This greatly reduces the guesswork and the headaches that often come along with planning and building a sauna room.

When designing a customized pre-cut sauna, the possibilities are truly endless. At Scandia Manufacturing, we love working with homeowners to create the perfect, one-of-a-kind sauna that fits the desired style and budget.
