

Sew Outside the Box

Sandbag Emoji Instructions

Required Supplies

Fleece/Fabric	Thread	Needle
Snack bags	Colored Felt	Sand
Templates	Markers	Scissors
Fabric glue	Half sheet of paper	

1. Make a cardboard template.

2. Fold the fleece in half selvedge to selvedge and right sides together. Trace the cardboard template onto the fabric with a Crayola marker.

3. Thread the needle and use running stitch with a 1/4 inch seam allowance. Leave a 1 – 2-inch space in your stitching in order to turn the emoji right side out.

4. Insert the plastic bag into the emoji bag. Use the 1/2 sheet of paper to make a funnel and fill the bag with sand. Twist the bag end and tie a knot.

5. Use ladder stitch to close the gap. Use felt to dress up your emoji!
