Instructions

- 1. Print the pattern page and measure the 1" test square to ensure printing is to scale. Print with Adobe Acrobat for best results. Printer should be set at 100%.
- 2. Cut the fabrics according to the cut chart above.
- 3. Apply top border RST and sew with 1/4" seam allowance. Repeat with side, bottom, and side border strips. Press seams toward the border pieces.
- Trace the Shamrock onto fusible web. Rough cut around the shape. Press with hot iron onto back of green scrap fabric. Cut carefully around the applique, peel the paper backing away, use a hot iron to press the applique shape onto the block.
- 5. Place the cotton batting behind the block and sew around the appliquie with your favorite stitch. I used a straigh stitch in the video. Pull threads to the back.
- 6. Add backing fabric to the layers and square up the block.
- 7. Pace backing fabric and main fabric RST and sew around the shape with 1/4" seam allowance. Leave an opening for turning.
- 8. Turn right side out, push out corners, tuck the opening in on itself and press. Topstitch around the outer edge.
 - I do my best to make correct patterns, however; errors do sometimes occur. Please notify me if you find an error in the pattern or instructions.
