 4900 Mill Street, #B32, Reno, NV 89502

**Did You Know?** Life Enhancement was the first company to market DHEA, making it available in the summer of 1995. We were also first to market Pregnenolone, 5-HTP, Vinpocetine, Mastic Gum, the world's first DNA support supplement, Galantamine, and MHCP! The raw materials we purchase are the safest, highest-quality, pharmaceutical-grade ingredients available in the world. We package under the purest possible clean-room conditions, and materials undergo lab testing to confirm purity greater than 98% (or we reject them!). We have been leaders in the supplement industry since 1985, providing you the finest service, customer care and top quality, clinically formulated products.
