Not Worth Saving

Some things are not worth saving...

About the book

Noah could save her summer. At least that's Brooke's hope when she returns to her hometown on the west coast of New Zealand after two years of necessity. The handsome stranger would be the perfect distraction from her problems - if he weren't her brother's best friend and therefore off-limits. With the two of them, of all people, Brooke is supposed to take care of her father's repair café for three months. And while the sparks fly between her and her brother, Noah, despite all his good intentions, is a man of forbidden sparks. Especially when he's the only one who understands why Brooke ran away.

- **The new emotional and profound New-Adult-Dilogy by Marie Niebler**
- **Stunning Forbidden Love story set on the coast of New Zealand**
- **For all fans of Anya Omah and Ivy Leagh**

"An incredibly sweeping brother's-best-friend romance that immediately gets under your skin. So real and touching, I want to give Noah and Brooke a big hug and never let go." Ivy Leagh, Mirror Bestselling Author

Ali Kassemmyar

Even in the darkest night

When the darkest night falls upon us, will you hold me?

About the book

Far too soon, Liora went through a drastic loss that turned her life upside down. But instead of giving in to grief, she tries to stay positive and see the good in her life. And that includes her work at one of the most colorful places imaginable: a flower store. But as cheerful as it is, Liora's new work colleague and neighbor is all the more quiet and dismissive. Kieran is not one for words and prefers to work quietly for himself. This doesn't make their working relationship easy at first, yet a tender friendship soon develops between the two fundamentally different people. But soon Kieran's past casts its shadow over his new life, and Liora must decide if she is ready to endure his darkest nights with him, always in danger of being swallowed up by them ...

- **Authentic, emotional and with depth - the prelude to the "Liora & Kieran" trilogy**
- **Unique setting: a beautiful flower store in the middle of a small town**
- **For fans of Brittainy C. Cherry and Emma Scott**

"Tentative, gentle, yet moving. Ali Kassemmyar weaves our hearts with achingly beautiful melancholy and warming hope in equal measure. This story is not only for the brightest and darkest hours, but for everyone in between." - Marie Niebler

Even on the brightest day

I am with you until you too can see the brightest day

About the book

Just moments ago, Liora was helping Kieran face his demons and come to terms with his past. But then he disappeared without a word. Deeply hurt and at a loss, she tries to carry on with her everyday life as normally as possible. But the façade begins to crumble and little by little everything that is important to her dissolves before her eyes. When Kieran finally returns, hope germinates in Liora - in vain, because he avoids her and blocks every approach, even if his looks suggest something completely different. She does not give up. The feelings she now has for the gentle, warm-hearted man are too great. And she senses that Kieran still cares about her, too ...

Christine Ellis has been writing love and fantasy novels under pseudonyms (Liane Mars, for example) for many years. Her books are heavy on romance, set in off-beat places, and have enchanting heroines. She loves surprising plot twists and likes to switch from deep dark secrets to smile-inducing dialogue. She hails from Germany's Ruhr Valley, is very fond of Sauerland and, of course, coffee. She lives in Schwerte together with her family and her dog. "Be My Heartbeat" is her new-adult debut.
