Safety Data Sheet

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING

Product Name: 3D-Fuel Entwined™
Product Code: Entwined™
Product Use: A monofilament designed for 3D printing

Supplier: 3DomFuel Inc., 2222 7th Ave N, Fargo, ND, 58102 United States
Customer Information Center: (844) 333-3616 / sales@3dfuel.com

Emergency Telephone Numbers (24 hours a day): (844) 333-3616

2. HAZARDS IDENTIFICATION

Emergency Overview
CAUTION! May cause eye/skin irritation. Burning produces obnoxious and toxic fumes. Avoid contact with skin and eyes. Avoid formation of dust and aerosols

Appearance: Dark brown monofilament in its natural state.
Color: Dark Brown
Physical State: Solid
Solid Odor: Sweet

Potential health effects:
Eye contact: Contact with eyes may cause irritation.

Skin Contact: Substance may cause slight skin irritation.
Ingestion: Ingestion may cause gastrointestinal irritation, nausea, vomiting, and diarrhea.
Inhalation: Inhalation of dust may cause shortness of breath, tightness of the chest, and a sore throat and cough. Low hazard for usual industrial or commercial handling.
Target Organ Effects: There were no target organ effects noted following ingestion or dermal exposure in animal studies.
Sensitization: Did not cause sensitization on laboratory animals
Specific Hazards: No information available
Flammability: Fine dust dispersed in air may ignite

Environmental Precautions: Not determined See Section 12 for more information.

NFPA Rating: Data not available
Health: 1 Flamm: 1 Reactivity: 0
Special: Not determined

The information Herein Is Given In Good Faith, But No Warranty, Express or Implied, Is Made. Consult the Company for Further Information

3D-Fuel™ and logos are trademarks or registered trademarks of 3DomFuel Inc. in the USA and other countries.

NOTIC REGARDING MEDICAL APPLICATION RESTRICTIONS: The company does not recommend any of its products, including samples, for use: (A) in any application which is intended for any internal contact with human body fluids or body tissues (B) as a critical component in any medical device that supports or sustains human life; and (C) specifically pregnant women or in any applications designed specifically to promote or interfere with human reproduction.
All ingredients in quantities >1.0% (0.1% for carcinogens) that are potentially hazardous per OSHA definitions.

Other Standards: This material can generate Particulates not Otherwise Classifiable (PNOC). The Occupational Safety and Health Administration (OSHA) PEL/TWA for PNOC is 15mg/m³ for total dust and 5mg/m³ for the reparable fraction. The American Conference of Governmental Industrial Hygienists (ACGIH) TLV/TWA for PNOC is 10mg/m³ for inhalable particulates and 3mg/m³ for reparable particulates.

2. FIRST AID MEASURES

Emergency Telephone Numbers (24 hours a day): (844) 333-3616

Eye Contact: Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Call a physician immediately.
Skin Contact: Rinse immediately with plenty of water for at least 15 minutes. If skin irritation persists, call a physician. Cool skin rapidly with cold water after contact with hot polymer.
Inhalation: Move to fresh air. Call a physician immediately.
Ingestion: Drink water as a precaution. Never give anything by mouth to an unconscious person. Do not induce vomiting without medical advice. Call a physician immediately.

Notes to physician: Treat symptomatically.

3. FIRE FIGHTING MEASURES

Flammability: Auto-ignition Temperature: 388°C

Flammability Limits in Air:
  Flammable limits in air – lower (%): Not applicable
  Flammable limits in air – upper (%): Not applicable

Suitable Extinguishing Media: Foam. Water. Carbon dioxide (CO2). Dry chemical. Alcohol resistant foams are preferred if available. General-purpose synthetic foams (including AFFF) or protein foams may function, but much less effectively.

Extinguishing media which must not be used for safety reasons: No information available

Hazardous Decomposition Products: Burning produces obnoxious and toxic fumes Aldehydes Carbon Monoxide (CO) carbon dioxide (CO2)

Special Protective Equipment for Firefighters: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.
Under Fire Conditions: Cool containers/tanks with spray water. Water mist may be used to cool closed containers.
Other Information: Fine dust dispersed in air may ignite. Risks of ignition followed by flame propagation or secondary explosions shall be prevented by avoiding accumulation of dust, e.g. on floors and ledges.

4. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Use personal protective equipment. See Section 8. Remove all sources of ignition. Avoid dust formation. Avoid contact with skin and eyes. Sweep up to prevent slipping hazard.
Environmental Precautions: do not flush into surface water or sanitary sewer system. Do not allow material to contaminate ground water system.
Methods for Cleaning up: Shovel into suitable container for disposal.

5. HANDLING AND STORAGE

The information Herein Is Given In Good Faith, But No Warranty, Express or Implied, Is Made. Consult the Company for Further Information

3D-Fuel™ and logos are trademarks or registered trademarks of 3DomFuel Inc. in the USA and other countries.

NOTIC REGARDING MEDICAL APPLICATION RESTRICTIONS: The company does not recommend any of its products, including samples, for use: (A) in any application which is intended for any internal contact with human body fluids or body tissues (B) as a critical component in any medical device that supports or sustains human life; and (C) specifically pregnant women or in any applications designed specifically to promote or interfere with human reproduction.
Safe Handling Advice: Avoid contact with skin and eyes. Avoid dust formation. Workers should be protected from the possibility of contact with molten material during fabrication. Low hazard for usual industrial or commercial handling. Use personal protective equipment. See Section 8.

Storage: Store in cool place. Keep at temperatures below 122F (50C). No special restrictions on storage with other products.

Precautions: No special precautions required.

6. EXPOSURE CONTROLS/PERSOAL PROTECTION

Engineering Measures: Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. Provide appropriate exhaust ventilation at places where dust is formed. Control Parameters: None

Personal Protective Equipment:

- **Eye Protection:** Safety glasses with side-shields, goggles.
- **Skin and Body Protection:** Impervious clothing
- **Respiratory Protection:** Respirator must be worn if exposed to dust. Wear respirator with dust filter. Respiratory protection is needed if any of the exposure limits in Section 2 are exceeded. Consult an industrial hygienist professional prior to respirator selection and use. Use a positive-pressure air supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection. WARNING: Air purifying respirators do not protect workers in oxygen-deficient atmospheres.
- **Hand Protection:** Preventative skin protection.
- **Hygiene Measures:** Avoid contact with skin, eyes, and clothing

Exposure Limits: See Section 2

7. PHYSICAL AND CHEMICAL PROPERTIES

- **Appearance:** Clear, translucent, opaque
- **Color:** Clear, Translucent, Opaque
- **Physical State:** Solid
- **pH:** Not applicable
- **Vapor Pressure:** Not determined
- **Vapor Density:** Not determined
- **Evaporation Rate:** Not determined
- **Density:** 1.24g/cc
- **Boiling Point/Range:** Not applicable
- **Decomposition Temperature:** 482F (250C)
- **Melting Point/Range:** Not determined
- **Water Solubility:** Insoluble
- **Solubility in other Solvents:** None known

8. STABILITY AND REACTIVITY

- **Stability:** Stable under recommended storage conditions
- **Conditions to Avoid:** Temperatures above 446F (230C)
- **Material to Avoid:** Oxidizing agents. Strong bases.
- **Hazardous Decomposition Products:** Burning obnoxious and toxic fumes. Aldehydes. Carbon monoxide (CO). Carbon dioxide (CO2)
- **Polymerization:** Not applicable

9. TOXICOLOGICAL INFORMATION

The information Herein Is Given In Good Faith, But No Warranty, Express or Implied, Is Made. Consult the Company for Further Information

3D-Fuel™ and logos are trademarks or registered trademarks of 3DomFuel Inc. in the USA and other countries.

NOTICE REGARDING MEDICAL APPLICATION RESTRICTIONS: The company does not recommend any of its products, including samples, for use: (A) in any application which is intended for any internal contact with human body fluids or body tissues (B) as a critical component in any medical device that supports or sustains human life; and (C) specifically pregnant women or in any applications designed specifically to promote or interfere with human reproduction.
10. ECOLOGICAL INFORMATION

**Mobility:** NO data available  
**Bioaccumulation:** Does not bioaccumulate. Inherently biodegradable  
**Ecotoxicity Effects:** EC50/72h/algae > 1100 mg/L

11. DISPOSAL CONSIDERATIONS

**Waste from Residues/Unused Products:** In accordance with local and national regulations. Do not contaminate ponds, waterways, or ditches with chemical or used containers. Contact manufacturer.

THE COMPANY HAS NO CONTROL OVER THE MANAGEMENT PRACTICES OR MANUFACTURING PROCESSES OF PARTIES HANDLING OR USING THIS MATERIAL. THE INFORMATION PRESENTED HERE PERTAINS ONLY TO THE PRODUCT AS SHIPPED IN ITS INTENDED CONDITION AS DESCRIBED IN MSDS SECTION 2 (Composition/Information on Ingredients).

**Contaminated Packaging:** Empty remaining contents. Do not re-use empty containers. Empty containers should be transported/delivered using a registered waste carrier to local recyclers for disposal.

12. TRANSPORT INFORMATION

**U.S. Department of Transportation (DOT):**  
**Proper shipping name:** Not regulated as a hazardous material

**IMDG:**  
**Proper Shipping Name:** None Hazard Class: Not regulated  
**UN/Id No.:** None packing group: None

**ICAO/IATA:**  
**Proper Shipping Name:** None Hazard Class: Not regulated.  
**Packing Group:** None

13. REGULATORY INFORMATION

(Not meant to be all inclusive—selected regulations represented)

The information Herein Is Given In Good Faith, But No Warranty, Express or Implied, Is Made. Consult the Company for Further Information
