

# LED Batten Light Installation Guide

## Important Information:

These instructions contain safety information, read and follow them carefully. We will not accept any responsibility for injury, damage or loss which may occur due to incorrect installation, operation or maintenance.

## Warning:

To avoid the risk of fire, explosion, or electric shock, this product should be installed, inspected, and maintained by a qualified electrician only, in accordance with all applicable electrical codes.

## Safety Instructions:

- Be certain electrical power is OFF before and during installation and maintenance.
- Make sure the supply voltage is the same as the rated luminaire voltage.
- Changes of the design and modifications to the LED luminaire are not permitted.
- Observe the national electrical safety rules and regulations during installation.

## LED Batten Light Installation

### Step 1

Set the position of the buckle and fix with screws.

### Step 2

Fix the buckle with screws. Connect the wires to the mains supply.

N.B wire colours may differ on the batten, Red (Live), Black (Neutral) and White (Earth).

### Step 3

Press the lamp into the buckle.
