2024 Linesheet (CAD)

caro@ora-c.com | www.ora-c.com | @oracjewelry
5555 av. de Gaspé #210, Montreal, Qc H2T 2A3, Canada

Wholesale Terms

- All prices in this linesheet are in Canadian dollars.
- Every wholesale orders require purchasing a minimum of at least 8 pieces adding to 800\$ or more (based on CAD wholesale prices before taxes, shipping or other fees).
- All wholesale purchases are made to order, please allow proper time frame for your pieces to be made and shipped. (about 6-12 weeks prior to shipping for wholesale orders depending on the order size and current season work-load). All orders are made on a first come first serve basis, so ordering late in a busy season can contribute to a longer wait. Please email me for a more precise time estimate once you have made your selection.
- All orders must be secured with a 50% deposit payment before production can begin. The remaining payment is to be made within one week (NO LATER) from receiving your order. I can accept Interac transfers (free), or credit card payments (3% additional fee).
- Buyers are responsible for shipping and payment related fees (if applicable).
- No exchanges or refunds will be accepted. Except in the unlikely even where the wrong pieces were sent over or if pieces were somehow damaged during the initial shipment to your store. In which case you should let me know immediately.

About the Jewelry

- All pieces are designed and handmade locally in our Montreal studio in Canada.
- Details may vary between each individual piece due to the use of natural stones and handmade techniques, hence making each piece unique.
- Brass and sterling silver are metals that naturally develop patina over time. One can find beauty in this evolving process, the same way imperfections in the handmade object can be cherished. But to prevent it while displayed in your store, please regularly use a polishing cloth to keep the jewelry work clean and shiny.
- All ear posts and backings are made of 925 sterling silver. Except for any solid gold options.
- Our gold-plating option is made with a durable 3 microns thick layer of 14kt yellow gold. Though our high quality gold plating uses real gold and delays the development of patina, please note that it is a layer that can eventually fade over time and wear.
- All pieces has the option to be ordered in solid gold. Pricing varies with the value of gold at the moment of purchase, so please inquire for pricing if interested.
- For any maintenance tips please don't hesitate to ask or visit the "Care Tips" page on my website.
- Repair services are offered for ORA-C pieces at all time. Please direct all issues back to me.

CLIMATE STRANGE - COLLECTION
