Today, AmerCareRoyal™, LLC (ACR) announces the acquisition of McNairn Packaging, a leading provider and manufacturer of specialty paper packaging products to the foodservice industry in the North American markets. The acquisition of McNairn Packaging provides ACR benefits on multiple levels. In addition to obtaining McNairn Packaging's industry leading presence in a large market, ACR will also gain an increase in channel exposure as well as enhanced product diversity.

*“The acquisition of McNairn Packaging will provide AmerCareRoyal with an expanded offering of paper and other foodservice products not currently in our product portfolio. The addition of these products and the wealth of knowledge the McNairn Packaging team has in this product area will further extend our ability to service AmerCareRoyal customers with an even wider range of product solutions.”*

*— Ty King, Chief Executive Officer, AmerCareRoyal.*

The ACR acquisition of McNairn Packaging's dedicated manufacturing product lines and business diversity will be a great asset to ACR, and will compliment McNairn Packaging's presence in chain, distribution, food processing and grocery channels. McNairn Packaging's US and Canadian presence will serve as a key component of our robust sales strategy that will further allow ACR to differentiate itself from our competitors while delivering added value to our customers.

*“We're very much looking forward to being part of AmerCareRoyal. This merger gives us the opportunity to service our customers with both the expanded product line and industry leading service model that comes with being part of the AmerCareRoyal family of companies“*
