NO RISK APPAREL PACKS

Earn more Money without the hassle.

Unsold Merchandise is the risk and as we all know is a waste of profit and resources. From Directing Tournaments and Events ourselves we know the struggle. So, we developed a company that comes to you with apparel for your event and other merchandise. That solution benefits a lot of Directors, but not everyone. So, we have developed a solution for the Directors that want to use volunteers to sell products.

It's as easy as one, two, three...

We ship you Apparel
Custom Event Shirts
A Selection of Shirt Designs

You sell it
and keep a generous
Percentage of the Sales

Then ship back anything
not sold at your event.
NO RISK AT ALL FOR YOU!

That's right earn more money without the hassle of designing, ordering, and purchasing. We take care of everything and you just assign a Staff Member or Volunteer to man the merchandise booth.
