

Facial Therapist - Level I

7 Days / Day 1 - 7 (10:00 am - 4:00 pm)

Certification: Facial Therapist

Includes: Manual & Student Facial Kit

This intensive Certified Facial Therapist course includes training with our skin care line that provides targeted treatments for all skin conditions along with training in bacteriology, sanitation, cell structure, muscle and skeletal systems, skin histology, physiology, skin disorders, diseases, skin types evaluations, extractions and massage. Students will learn differentiating techniques that add relaxation and nurturing to the skin treatment. Procedures will include a basic deep cleansing facial with steam, facial and an introduction to acne, anti-aging and sensitive skin treatments. In addition, you will be introduced to the use of high frequency. Models required.
