

Rust & Stain Remover

For the removal of rust and other mineral stains from porous and non-porous building surfaces.

Product Data Sheet

Product Code: WB0090

Issued: April 19, 2024

PRODUCT DESCRIPTION

World's Best Rust & Stain Remover (R&S) is a buffered acidic solution designed for the removal of rust/iron oxide and other 'mineral stains' from porous and non-porous building surfaces.

It is used for the removal of fertilizer, irrigation, bore water or mud stains, battery acid stains as well as the removal of insoluble calcium dyes or oxidized paint run off from porous concrete brick and other building surfaces.

Use R&S Remover for the removal of rust and other mineral stains from porous and non-porous surfaces

FEATURES & BENEFITS

- Removes even the heaviest rust and mineral stains with ease
- Removes stubborn oxidized paint stains from brick and masonry
- Brightens and restores but does not etch concrete
- Odorless and easily diluted as needed
- 100% readily Biodegradable and much safer than muriatic acid

INSTRUCTIONS FOR USE

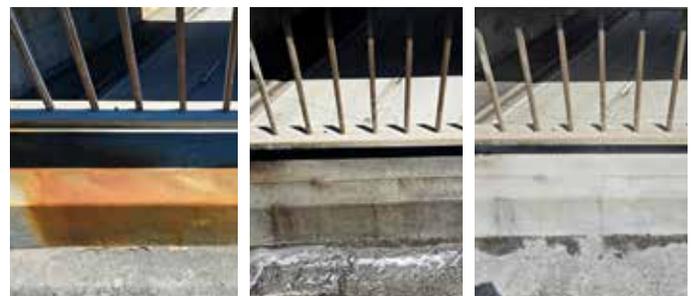

For Removal of Stains from Concrete & Brick:

Wet down the surface with water. Then dilute as needed and apply R&S Remover by spray, brush or broom to the affected area and to the entire section to create an even finish.

**FOR EXPERT TECHNICAL ADVICE ON YOUR CLEANING JOB,
PLEASE CALL 1-818-247-2555 OR
EMAIL SALES@GRAFFITIREMOVALINC.COM**

DILUTION SCALE	R&S : WATER
Rust & Stains on Concrete Brick	1 : 0 - 2
Rust & Stains on Non-porous/Painted	1 : 2 - 4
Mineral Stains on Brick	1 : 0 - 2

Before

During

After

Apply more copiously to the affected area. Allow the product to dwell as the surface dries before rinsing with a pressure washer. For more severe staining, repeat on the affected area. Very deep rust stains may only be visible when wet, so allow the concrete to dry again before making a final assessment.

Note: when cleaning concrete or pavers, it is best to pressure wash first and/or clean with World's Best Detergent Concentrate and rinse thoroughly with a pressure washer. This can make it easier for R&S Remover to penetrate and remove the stains faster.

Urban Restoration Group US Inc. (URG US INC) maintains Safety Data Sheets (SDS) on all of its products. The SDS contain information that you will need to protect yourself, your employees and customers against health or safety hazards associated with our products. URG US INC requires that you obtain a copy of the respective SDS prior to using or transporting our products. The information in this Product Data Sheet is based on data that we believe to be reliable and is offered in good faith, but without guarantee, and subject to the terms and conditions set forth in URG US INC's Product Data Sheet and any additional documentation provided by URG US INC's, as ultimately the conditions and methods of the use of URG US INC's products are beyond URG US INC's control.

Rust & Stain Remover

For the removal of rust and other mineral stains from porous and non-porous building surfaces.

Product Data Sheet

Product Code: WB0090

Issued: April 19, 2024

For Removal of Stains from 'Non-porous/ Non-mineral' Surfaces such as Painted Walls, Stucco or Vinyl:

First rinse the surface with water and apply R&S Remover to a damp (not dripping wet) surface. Do not let the product dry, and rinse thoroughly when the stain disappears.

Removal of irrigation stains from vinyl siding

CAUTION: Before commencing any large scale use, always test first in a small inconspicuous area.

This product is a highly effective, fast acting acidic remover, and is capable of discoloration or damage on some surfaces. Please take care to avoid applying to anodized aluminum or other metallic finishes.

TIPS FOR ACHIEVING EXEMPLARY RESULTS

TIP 1 When cleaning concrete or pavers, it is best to pressure wash first and/or clean with World's Best Detergent Concentrate and rinse thoroughly with a pressure washer. This can make it easier for R&S Remover to penetrate and remove the stains faster.

TIP 2 World's Best Rust & Stain Remover will brighten concrete so it is best to spray on lightly from control joint to joint rather than just in the affected area only.

TIP 3 This product contains oxalic acid which will form water soluble salts as it reacts with iron oxide. Rinse thoroughly after it has finished working.

TIP 4 Some agitation with a brush may be helpful. R&S will brighten concrete so it is best to spray on lightly from control joint to joint rather than just in affected area only.

SAFETY ISSUES

Causes serious eye damage. Keep only in original container. Do not breathe mist, spray, vapors. Wash exposed skin thoroughly after handling. Wear eye protection/face protection/protective clothing/protective gloves.

Refer to SDS for safety information.

LIMITATIONS

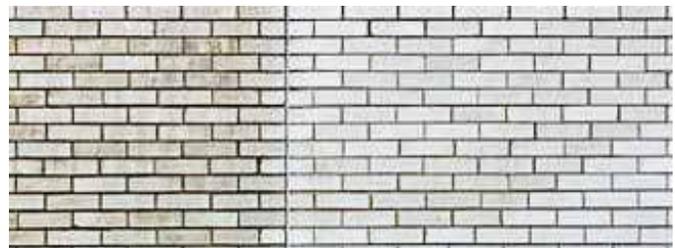

Due to the superior cleaning power of WORLD'S BEST RUST & STAIN REMOVER it is advisable to check for 'over cleaning' in some areas before commencing large scale use.

COVERAGE GUIDELINES

1 gallon cleans approx. 250 – 800 sq ft. Exact coverage varies widely depending on the severity of staining, dilution and porosity of substrate.

TEMPERATURE USAGE

Use above 40° F / 5° C.

Ideal for removing many types of stains from brick, including iron oxide, vanadium and airborne pollution.

Rust & Stain Remover

For the removal of rust and other mineral stains from porous and non-porous building surfaces.

Product Data Sheet

Product Code: **WB0090**

Issued: **April 19, 2024**

TECHNICAL DATA

Composition

World's Best Rust & Stain Remover is a water-based blend of acids and surfactant that are designed to react with mineral based stains on hard building surfaces.

Properties

Color: Clear
Odor: Virtually none
PH: 3.3.-3.8
Storage: Store in a cool dry place away from heat or flames.
Shelf Life: 5 years or longer in unopened container.
Precaution: Corrosive
DOT Markings: UN 1760 Corrosive Liquid, n.o.s. 8, PG III

ENVIRONMENTAL CARE

World's Best Rust & Stain Remover is biodegradable. If necessary, water can be collected using a wet vac and disposed of safely. We believe nothing other than rainwater should enter our precious storm water systems.

CAUTION

Before commencing any large scale use, always test first in a small inconspicuous area. Avoid applying to anodized aluminum or other metallic finishes. World's Best Rust & Stain Remover will brighten concrete so it is best to spray on lightly from control joint to joint rather than just in the affected area only.

See SDS for further information.
