TECHKO®

Model: SSL-304

- ▲ Please carefully read this manual before using the product.
- ▲ Keep this manual with you for reference as needed.

PLEASE FULLY CHARGE THE PRODUCT BEFORE USING

- 1. Please turn “ON” the product and fully charge under direct sunlight before use.
- 2. Charging time may vary depending on the weather, temperature, and seasons.
- 3. Do not charge the product indoors or any place where direct sunlight can’t reach. Otherwise, the product will not charge properly.
- 4. Please keep the solar panel clean to make sure the product can be properly charged. Frequently clean the solar panel as needed. Avoid scratching on the panel or it may lower charging efficiency.

INSTALLATION INSTRUCTIONS

The product can be hung horizontally and vertically as desired. Please make sure the location where the unit is to be installed has enough space for it to fit in before installing.

1. Place the mounting sticker in a location where the product will be installed to. Then drill 2 holes into the guides shown on the mounting sticker.

2. Insert the supplied anchors into the drilled holes.

3. Use a screwdriver to secure the supplied screws into the anchors. Leave enough of the screw threads exposed as this will be used to mount the unit.

4. Hang the unit horizontally or vertically as desired on the installed screws corresponding to the holes behind the unit. (see Figure A)

- ▲ Please install the unit in a place where the solar panel can be continually exposed to the sun.
- ▲ Avoid placing the unit where shade from buildings or objects would block the solar panel.

POWER BUTTON & OPERATING INSTRUCTIONS

- 1. The power button is located below the solar panel. (see Figure B)
- 2. Press the button to turn on the product.
- 3. Press again to turn off the product. (OFF position)
- 4. Even when the unit is “ON” during daytime, it won’t illuminate as the solar panel is equipped with a daylight sensor. It will automatically charge and turn on the LED lights at dusk or when the surroundings turn dark.

WARNING & NOTICE

- 1. Do not look directly at the LED lights, or it may damage your eyes.
- 2. Do not attempt to disassemble or remodel the product. Any changes can be dangerous and will void the warranty.
- 3. Please keep away from any flammable items, or explosion, property damages, or casual injuries may occur.
- 4. Please install the product according to the user manual.
