Multicolor Solar Garden Light

# **USER MANUAL**

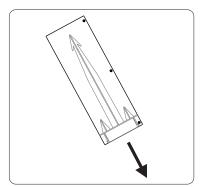

Model: SGL-403

- ▲ Please carefully read this manual before using the product.
- ▲ Keep the manual with you for reference as needed.

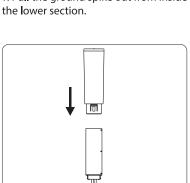

## PLEASE FULLY CHARGE THE PRODUCT BEFORE USING

- 1. Switch "ON" the solar garden light and fully charge in direct sunlight before use.
- 2. Charging time may be vary depending on the weather, temperature, and seasons.
- 3. Do not charge the product indoors or any place where direct sunlight can't reach. Otherwise, the product will not charge properly.
- 4. Please keep the solar panel clean to make sure the product can be properly charged. Frequently clean the solar panel as needed. Avoid scratching on the panel or it may lower charging efficiency.

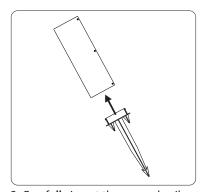

### INSTALLATION INSTRUCTIONS

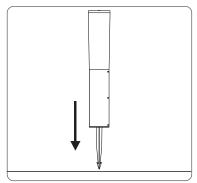

1. Pull the ground spike out from inside

3. Carefully insert the lighting section into the lower section matching the notches together.

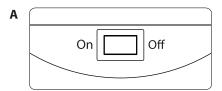

2. Carefully insert the ground spike into the lower section matching the notches together.

4. Position the ground spike and press firmly to secure the solar garden light into the ground.

# **Switches & Functions (Please see Figure A for reference)**

- 1. The power switch is located on top of the solar light.
- 2. Slide the switch to the "ON" position to begin using the solar garden light.
- 3. Even when the product is "ON" in the daytime, it won't illuminate as the solar panel can detect light. The product will stay charging and will light up when the environment turns dark.

#### **WARNING & NOTICE**

- 1. Do not look directly at the LED light, or it may damage your eyes.
- 2. Do not attempt to disassemble or remodel the product. Any changes can be dangerous and will void the warranty.
- 3. Please keep the product away from the flammable items, or explosion or casual injuries may occur.
- 4. Please switch OFF the product when it is not in use for a long period of time.
