

Solar Portable Lantern – Flame and Still
USER MANUAL

TECHKO®

Model: STL-211

✉ support@techkogroup.com

- ◆ Please carefully read this manual before using the product.
- ◆ Keep the manual with you for reference as needed.

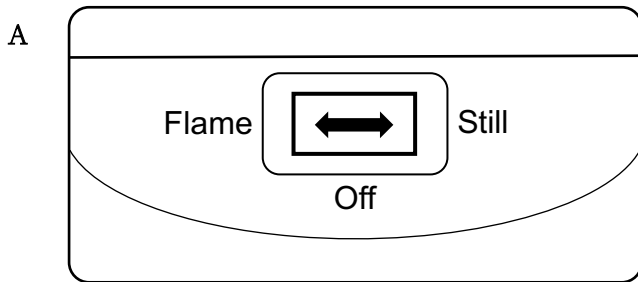

PLEASE FULLY CHARGE THE PRODUCT BEFORE USING

1. Secure the unit and fully charge in direct sunlight and select desired operating mode (Flame or Still) before use.
2. Charging time may vary depending on the weather, temperature, and seasons.
3. Do not place the product indoors or any place where there is no direct sunlight, the product will not charge properly.
4. Keep the solar panel clean to ensure the product can be properly charged. Frequently clean the solar panel as needed. Avoid scratching on the panel or it may lower charging efficiency.

SWITCHES & FUNCTIONS

- ◆ The switches are on the top of the solar portable lantern. (Please see Figure A for reference)

1. Flame/Still/Off
 - A. Flame Mode: Slide switch to “Flame” position, the light will illuminate with a flickering flame effect.
 - B. Still Mode: Slide switch to “Still” position, the light will stay illuminated with no flickering effect.
 - C. Off mode: Slide switch to the “Off” position, the light power is off.
2. Even when the unit is on Flame or Still settings during the daytime, it won't illuminate as the solar panel is equipped with a daylight sensor. It will automatically turn on the LED lights at dusk or when the surroundings turn dark.

- ◆ Charge the unit in the place where the solar panel can be continually exposed to the sun.
- ◆ Avoid placing the unit where shade from buildings or objects which would block the solar panel while charging.
- ◆ As solar panel is equipped with daylight sensor, the product will automatically charge in daytime and light up at dusk or when the surroundings turn dark.

OPERATING INSTRUCTIONS

1. The handle is located on the top of the unit, around the solar panel.
2. Change the Flame/Still switch to the desired position to select the operating mode.

WARNING & NOTICE

1. Do not look directly at the LED light, or it may damage your eyes.
2. Do not attempt to disassemble or remodel the product. Any changes can be dangerous and will void the warranty.
3. Please keep the product away from the flammable items, or explosion, property damages, or casual injuries may occur.
4. Please switch OFF the product when it is not in use for a long period of time.
