# LOMBARD STREET

Lombard Street in San Francisco is one of America's crookedest streets, with eight switchback curves packed into a single city block. With this picture, you can take a trip down this one-way street without fighting the crowd! Enjoy the stately mansions and beautiful flowers, and do a little tourist watching as you complete this fun, colorful print or puzzle.

1. Street car recognizing the City by the Bay.
2. Eric took his daughter with him on this trip to San Francisco.
3. The "beary" beautiful California flag.
4. San Francisco is known Fog City.
5. Lombard Street is the crooked-est street in the nation, with eight tight turns in a single block. It is driven by thousands of tourists every year.
