

CATS AROUND THE WORLD

FINALLY! It has been requested by people for years but finally Eric has created a folk art piece about cats. The title was his youngest son's idea and so "Kitty Wampus" was conceived. This piece is a tribute to cats of the world. This makes sense as cats are the most popular pet in the world (*by almost 3 to 1.*) Have fun getting to know these cat characters. You may even find your feline friend in the mix. Take a little time and go Kitty Wampus with us. Purr-fect.
