# SCHOOL CARNIVAL

This painting was done in tribute to the Utah PTA for their commitment to children and their education- both mentally, socially. Many elementary schools hold fall carnivals thanks to their local PTA organizations. The carnivals not only provide an opportunity for the children to have a fun time with their classmates, families, and teachers, but provide one of the larger fundraisers of the year for PTA organizations.

1. An honorable boy scout.
2. Parent Teacher Association (PTA) was founded in 1897.
3. Dunk Tank originated from an African game to dodge balls being thrown at ones head peaking out of a curtain.
4. "Step right up!" "Test your strength!"
5. Rumor has it that the history of the ribbon cutting ceremony dates back to 1898, when the first railway track was laid down to the Junction City passing through Union Parish, Louisiana.
6. Funny Photo Cutouts are always the best!
7. Another great scout helping where he can.
8. The tradition of bobbing for apples dates back to the Roman invasion of Britain.
9. The first advertisement for ice cream in the US appeared in the New York Gazette on May 12, 1777, when confectioner Philip Lenzi announced that ice cream was available "almost every day."
10. How fast can you eat a watermelon slice?
11. Balloons are always fun to walk around with, especially the red one. Or the blue one. Or the yellow one. Or any of them!
