

THROUGH THE WOODS

Over the River and Through the Woods rings the tune of adults and children and results in remembering a treasured moment of younger years. Those nostalgic memories are usually of days long gone when technology was not part of our every day lives. Hand puzzles and carved toys, family outings making snowmen and playing in the snow, ice skating on the frozen pond, horse drawn carriages gliding through the snow, warm fires to gather around . . . More memories to make. Go over the river and through the woods. Listen to the sounds of life in a simpler time and remember the good times and loved ones in your life.
