VINTAGE TOY STORY

Eric's painting captures the pure joy and wonder you feel when entering a toy store as a kid and finding the perfect toy for just for you. The world comes alive with an unimaginable variety of colors, sounds, and tastes as children explore unique and often hand-crafted toys. No matter how old you are, the toy store brings people together in sharing memories that can not be forgotten.

1. Blickenstaff's was founded in May 2010 by Jeremy Blickenstaff in Provo, UT.
2. Hand elected toys and games from all over the world are brought to Blickenstaff's.
3. Known as the Best Toy and Candy Store in Utah.
4. Come a ride away on a classic rocking horse!
5. Standing wooden nutcrackers in the form of soldiers and kings were shown in the regions of Germany by 1800 and in 1830, the term "Nussknacker" appeared in the dictionary of the Brothers Grimm.
6. Some sailboats have been dated back as far as 1200 AD.
7. Look at me! I'm flying!
8. Prepare for landing!
9. Can you find all 17 stuffed animal?
10. Blickenstaff has an entire wall dedicated to candy in all colors of the rainbow.
11. Did you have a grandfather clock once when you were young?
12. Hula Hoops became popular in the US in 1958 and within a few months, 25 million hoops were sold.
13. Bopeep found her sheep!
14. The oldest known doll today is over 4,000 years old.
15. Philosopher John Locke liked when the alphabet blocks appeared around 1693 because they would make learning to read a more enjoyable experience.
16. The first scooter was made in 1996 and was made out of aluminium by Wim Ouboter in Switzerland. And yes, you can ride around in the store on their scooters.
17. 1st Gumball machines first became popular in the United States in the early 1900's.
18. Teddy Bears were made in the early years of the 20th century, and named after President Theodore "Teddy" Roosevelt.
19. Hot air balloons are always fun to look at!
20. The earliest toy trains were made of lead and had no moving parts.
