# NEW AND PRE-LOVED SHOPPING ASSISTANT

06

## ABOUT THIS PACKAGE

This option is best used in conjunction with a wardrobe service because my shopping sessions are a little different to what you may be used to...

I am there as your shopping assistant - not your personal shopper. I believe that teaching you the skills to know what you are looking for in a shop (especially a preloved store) reduces the overwhelm, the impulse purchasing and the second guessing. So by starting in your wardrobe, you are far more likely to have a better understanding of your shape, fabric composition, cuts and styles that will help your existing wardrobe, instead of overwhelming it!

I'll plan where we go and use our list from our wardrobe session to guide us. Within the shopping time I'll encourage you to lean into your new understanding of why something will or won't work. This may sound scary, but trust me - you'll thank me later! I can do as much or as little hand holding as you need and I'm

WHAT MY  
CLIENTS HAVE  
HAD TO SAY:

# “THE DAY I FOUND MYSELF AGAIN”

---

My gorgeous friend and husband secretly planned the honest to god best birthday gift ever.... “Finders Life wardrobe restyle” with the awesome Jess. This is a happy ending for sure!

But to be really honest I was nervous... unsure... and simply felt this gift was a waste on me! Why?

My thoughts...

- I'm 47, my best stylish days are behind me
- I stopped buying nice clothes, I have no idea why
- I was embarrassed of my clothes

However..... I bit the bullet and decided to go for it. WOW.... Soooooo happy I did

Jess gently guided me through my wardrobe with zero judgement, with her carefully crafted questions, I slowly started to remember who Ruth is.

Jess had a great system for sorting my wardrobe into category's. Once I gained my confidence, I quickly started to know which items were obviously not for me and what items to keep.

Jess left me with a list of staple clothes that my wardrobe was missing... Shopping went from a nightmare experience to a complete joy!

I now have a much healthier understanding of my style, colors that are true to my personality.

Dressing in the morning is now fun & easy! Somebody stop me.... my confidence is soaring!

Restyle follow up was fantastic too.... I now have a document that I can refer to when in doubt, complete with photo reference of my best styles.

Shhhhhh.... don't tell too many people, my friends are first on Jess's restyle list.

Thank You Jess for changing my life.

**“I HAVEN’T BEEN THIS  
EXCITED TO GET DRESSED  
IN SO MANY YEARS.”**

---

“I was so nervous before Jess arrived but I immediately felt relaxed as she quickly put my mind at ease. I actually had a whole lot of fun!!! I haven't been this excited to get dressed in so many years. The number one thing that helped was breaking my self imposed rules that governed the way I dressed. I feel free and ready to love life again. Grateful!

Thank you Jess

**“FEELING EXCITED AND  
INSPIRED. THANK YOU!”**

---

\*Thank you Jess. I'm so pleased I booked a second session with you as I did my usual trade me browsing last night and felt really on track. I love it that even though my wardrobe is still quite packed, you helped me shift some items that had been sitting in there clouding my vision! Feeling excited and inspired.

Thank you!

SO, ARE YOU READY TO  
FALL IN LOVE WITH YOUR  
WARDROBE AGAIN?

LET'S GO!
