Improving
The Quality
Of Life

NET WT. 4 OZ. (113g)

For Treatment of Radiation Dermatitis

When to Use CoolMagic™ Hydrogel Dressing:

- Radiation Dermatitis
- Pressure Ulcers Stages I-II
- Partial-thickness wounds
- Draining and non-draining wounds
- 1st and 2nd degree burns
- Non-infected wounds

Benefits to Patient:

- Cools live nerve endings
- Instant cooling sensation
- Minimizes damaging skin tissue upon dressing removal
- Hydrophilic – creates moist wound environment
- Absorbs three times its weight of drainage
