

65W GaNFast | Foldable MagSafe Compatible | Wireless Charging Station

5in1
Charging Station

UNIVERSAL
COMPATIBILITY

Rubix-65W

Rubix-65W is an ultimate 5-in-1 charging solution that combines style with functionality. This charging station offers dedicated modules for smartphones, tablets, Apple Watches, AirPods, and more, providing a comprehensive charging experience. With a 15W MagSafe compatible charger, 3.5W Apple Watch charger, and 5W wireless charger for AirPods, Rubix-65W covers all your device charging needs. The inclusion of a powerful 45W USB-C Power Delivery port and an 18W QC 3.0 port ensures ultra-fast charging for various devices. Featuring Gallium Nitride components Rubix-65W provides an efficient charging experience. Its foldable cube design not only offers stable multi-device charging but also maintains a compact form. With a built-in multi-protect system, Rubix-65W prioritizes safety, making it the perfect charging hub for your everyday devices.

Features

5-in-1 Charging Solution

Featuring dedicated charging modules for smartphones, tablets, Apple Watches, AirPods, and more, Rubix-65W is a stylish 65W charging solution for your everyday devices.

45W USB-C Power Delivery

The Rubix-65W charging station has an ultra-fast USB-C port that offers 45W Power Delivery output.

15W MagSafe Compatible Charger

Wirelessly charges your latest iPhone device by simply placing it on the charging module.

3.5W Apple Watch Charger

The 3.5W magnetic wireless charging pad unfolds to provide quick magnetic alignment and fast charging for your Apple Watches.

AirPods Wireless Charger

Charge your Apple AirPods via the 5W wireless charging pad at the base.

Quick Charge 3.0

Rubix-65W also boasts a USB Quick Charge 3.0 port that provides 18W ultimate fast charge for compatible devices.

GaN Technology

GaN components waste less power and produce less heat, thus providing a more efficient charging experience.

Foldable Cube Design

Rubix-65W has a foldable design that opens up to offer stable multi-device charging as well as maintains its compact, cube form.

Multi-Protect System

This charging station has a built-in multi-protect safety system with high-temperature, over-current, and over-charging protection.
