

# High Definition **Pocket DLP** Projector with Wireless Mirroring

Compatible With

150lm

Aurora-HD projects movies or presentations anywhere you want with Aurora-HD. Its built-in speaker and rechargeable 1.5-hour battery will let you use it anywhere. It provides a native resolution of 854 x 480 for viewing high-definition images. It can mirror the display of your Windows, Android or iOS smart devices to make presentations easier.

## Features

- 150 lumens** Advanced DLP technology utilizes specialized algorithms to provide a radiant 150 lumen picture.
- Miracast/Airplay** Aurora-HD has a wireless mirroring function through MicraCast/AirPlay that connects it to a smartphone or a tablet accessing content for projection
- USB/HDMI** Aurora-HD easily connects to a range of devices through the HDMI or USB port
- 3 HOURS** At home, at work, or in the backyard, Aurora-HD, is the perfect companion with up to 3 hours of built-in battery life for on-the-go use.
- DLP** LED lamp provides up to 30,000-hours of projection time, casting up to 150 lumens brightness for vibrant images.

## Specifications

Imaging Technology: DLP  
Brightness: 150 Lumens.  
Projection Size: 0.65ft – 12.5ft.  
Projection Distance: 0.3m~4m

Resolution: 854 x 480  
Contrast Ratio: 800:1  
Battery Capacity: 7500mAh

Power Supply: DC 15V/1.5A  
Total Usage Time: ~3hrs.  
Battery Charging Time: ~2hrs.
