Energy Efficient

Beacon-2 handheld LED spotlight is designed to provide a high output and ruggedly durable lighting solution for applications where portability, light weight, corrosion resistance, and waterproof high-powered light are required. An adjustable pivot allows for full adjustability, allowing for precise aiming of this LED light. This housing is constructed of precision machined aluminium for excellent strength and durability, powder coated for corrosion resistance, and is rated IP54 for ingress protection against direct exposure to water jets from all directions and dust.

Specifications

- Battery Capacity: 8800mAh
- Battery Type: Lithium Polymer
- Input: 8.4V, 1A
- LED Brightness: 1440lumens
- Working Time: 2-4 Hours
