Elevate your home audio system to a whole another level with CastBar-60. This incredible 60W soundbar delivers a room-filling sound for a cinema theatre-like experience at home. With an easy setup, you can connect the soundbar to your television for enjoying movies and shows the way they are meant to be. The latest Bluetooth v5.0 allows you to stream your loved tracks wirelessly. CastBar-60 sports an elegant design that blends and enhances your home's interior. The soundbar features an on-board controller and remote control, included with your purchase, to let you manage all your audio needs with a touch.

## Immersive Cinematic Surround Sound

Submerge yourself into the world of superb surround sound with every audio detail. Listen to the sound, the way it's meant to be heard

## Louder Than Most

Powerful 60W speaker, transform your house into a cinema theatre

## Wireless Music Streaming

The latest Bluetooth v5.0, allowing you to stream your favorite music directly from your smartphone

## Play Anyway You Want

Stream music wirelessly, via AUX cable, USB, or via TV/DVD player as well as through an optical connection

## Control At Touch of A Button

On-board controls and an included remote control, lets you keep complete command over your soundbar

## Looks As Elegant As It Sounds

Fine aesthetics and exquisite finish, CastBar-60 will turn heads when placed in any room
