

HD Stereo In-Ear Wired Earphone with Microphone

Comet

Experience ultimate sound quality with Comet. With a 3.5mm jack, get the most balanced and enhanced sound. The deepened notes ensure you hear every audio detail with precision. The in-line audio controller with high-grade mic lets you take and answer calls without any hassle. The ergonomic, portable design makes Comet a must-have earphone.

— Features —

-  Listen to delicate details and every moment with Comet. Isolating in-ear design ensures thumping bass and acoustic performance.
-  High-grade built-in microphone lets you answer and manage your calls effortlessly without any disturbance.
-  Avoid the discomfort of tangling of wires while using Comet as its cable doesn't get tangled.
-  The ultra-lightweight design makes Comet hassle-free accessory to carry anywhere.
-  Highly-aesthetic, ergonomic design conforms the shape of your ears, ensuring a perfect fit.
