

Active Noise Canceling Earphones

IPX4

Active noise cancellation

Secure-Fit Design

Multi-Point Pairing

Don't let noise get in the way of your workout with Hush, an Active Noise Cancelling earphone. Hush is ergonomically designed to fit the unique contour of your ears for extended comfort. The ear wing design makes sure the earphone stays put in your ear, even during the toughest workouts. Multi-Point pairing gives you the convenience of connecting 2 devices simultaneously to Hush.

Features

- Active noise cancellation feature blocks the outside noise so that you can enjoy music without disturbance.
- Professionally tuned drivers deliver crystal clear sound with deep and powerful bass and acoustics every time.
- Inline mic/remote allows you to play, pause, skip tracks, adjust volume, answer, and end calls with a simple touch.
- Ear wing design makes sure that the earphone doesn't fall off even during the toughest workouts.
- IPX4 water-resistance ensures that you don't damage your earphone during workouts.
