

360° Cradleless Magnetic Car Mount with Flexible Gooseneck

Anti-Distracted Driving

Secure Magnetic Holder

Rotatable

An innovative magnetic mounting system for conveniently mounting smartphones, tablets and other mobile devices. The sleek, cradle-free design uses high-powered, device-safe 6 neodymium magnets to secure your mobile devices where you use them most – your car dashboard or wind-shield even in the roughest road conditions. With its open design, devices can be mounted in a 360° fashion permitting countless landscape or portrait viewing angles and full access to device controls and ports.

Features

- The car mount comes with a 360° swivel head allowing you to position your device at a perfect viewing angle.
- magMount-6 is exceptionally designed so that you can stick it to the windscreen or any other surface.
- Strong suction cup ensures that your device doesn't fall off in rough driving conditions.
- Simply stick the metallic disk on your device and place it on the magnetic holder.
- magMount-6 supports all smartphones of all sizes.
