

Designed for the ultimate media experience, MediaSync-LT combines 4 essential features into a single unibody hub. The HDMI port supports video resolutions up to 1080p, while the RJ45 port provides the best streaming experience with no lags or drops. HD movies, photos, and files are transferred in few seconds as the USB port supports a transfer rate of up to 480Mbps. The Lightning charging bridge lets you charge your device even when connected to other media outlets.

Features

4-in-1 Lightning Hub

This hub will add a lightning charging bridge, HD HDMI, Ethernet and USB media port

Super Clarity Video

Supports projecting 1080p video from your iPhone or iPad onto display devices such as TV and projectors

Quick Transfer Rate

HD movies, photos, and files are transferred in few seconds as the USB port supports a transfer rate of up to 480Mbps

Ethernet Support

This hub offers full 10/100 Mbps superfast gigabit Ethernet performance over the RJ45 Ethernet port.

Plug and Play

No software or drivers needed, built-in Over-current/Over-voltage/Reverse current protections and also supports Hot-swapping

Specifications

Input: 5V, 2A HDMI: 1080p@60Hzi Data Transfer Rate:
