Universal Compatibility

Designed for your always on the move lifestyle, Meta wired earphones feature an optimally tuned acoustic design to deliver an exceptional listening experience. Just put them on, what you hear is a detailed and authentic sound, articulate mids and sparkling highs, everything else is so placid and soothing that every note sounds clearly significant. The included headset cable features a built-in universal volume control, microphone, and remote button, letting you seamlessly take calls. It's optimal ergonomic fit provides all-day comfort while the tangle-free cable offer maximum portability when you are on the go.
