PowerCore-C has the simplest and most practical design ever, and that makes it a fantastic addition to your desk. PowerCore-C has 2 USB charging ports, and a USB Type-C™ charging port which means you can charge three devices at the same time. Its 60W fast charging functionality allows you to quickly charge your devices and save ample amount of time instead of leaving them for hours together. It also protects your devices from overcharging and short-circuit. With Smart IC functionality, it recognises the attached gadget and automatically delivers the correct amount of power.
