Pan & Tilt Head

Extendable Legs

Precise-170 is a combination of sturdiness and innovative technical features for photographers and videographers alike. This Tripod is a 3-section tripod featuring durable aluminum telescopic legs that offer stability and durability. Its leg locking levers are secure. This tripod's key feature is the center column mechanism, which allows the column to be extended vertically with great fluidity. This makes it an extremely versatile tripod, suitable for a wide range of photography and videography applications.
