

Mini Wireless Emoji Speaker with Handsfree

Easy-Touch Control | MicroSD Card Slot | AUX Port

This fun yet functional Emoji Speaker will be the heart and soul of your party. Small enough to fit in your pocket and loud enough for a picnic. Its wireless technology connects with compatible devices up to 10m away and allows you to control your music via the easy control buttons on the compact speaker – so you do not have to take your phone out of your pocket. Its fun designs act as an ideal gift to let someone you know what you think about them. Get jamming with this fun emoji speaker.
