BACKPACK

UrbanPack-BP

- Water Resistant
- Quick Access Pockets
- External USB Port
- Wheelie Strap
- Ergonomic Design
- Anti-Theft Backpack
- Secret Pocket

Description

An everyday companion, but reinvented from a recycling perspective that helps save natural resources. The main compartment has a large zippered opening that makes it easy to pack and unpack. There are also dedicated laptop and tablet pockets and a zippered pocket on the back, perfect for small items you want to keep close at hand. Adjustable shoulder straps and quick carry handles make this backpack extremely functional.

Features

Eco-Friendly Material

Made from 100% recycled plastic bottles, demonstrates our commitment to improve the environment

Soft Cushioning

The soft padding in the straps, back and bottom provides comfort and protects the contents without looking bulky

Padded Laptop Pocket

The 15.6" laptop compartment is fully padded to reliably protect your laptop

Functional Storage

Spacious dedicated storage for laptops and tablets, dual zippers, quick access pockets and hidden zippered storage makes its extremely functional
