

# 20W Power Delivery High Tensile Strength Lightning Cable

iCord-PD20

Recharge your compatible iPhone device up to 50% in 30 minutes with a compatible USB-C charger and iCord-PD20. The braided nylon cable jacket enhances durability while the reinforced stress points reduce the chances of cable snapping. Tested to 50000+ bends, this cable is highly flexible and long lasting

## Features

### 20W Power Delivery

Charge an iPhone 12 up to 4X faster than standard 5W cables and provide more power to charge tablets and smartphones quickly

### Anti-Snap Cable

Reinforced stress points make the iCord-PD20 more durable than anything else on the market

### Nylon Braided

Tested to 50000+ bends, this cable is highly flexible and long lasting

### Copper Wire

Made up of High-Quality copper wires, the charging and sync performances of the iCord-PD20 are highly efficient

## Specification

- **Cable Length:** 1.2m
- **Total Current:** 9V/2.4A, 5V/3A
- **Data Transfer Rate:** 480Mbps
- **Made from Nylon Braided Cable with Aluminum**

### COMPATIBILITY

iOS Devices supporting  
Lightning Connector
