Locker Hooking Instructions:

Place canvas over template, trace outline with permanent marker, and cut shape. Apply Quick Grip adhesive around the edges to secure. Let dry.

Thread contrasting fabric strip through tapestry needle and whip stitch edges to cover and frame (Use 1 1/2 to 2 yds at a time to prevent fraying).

Locker hook body with Amber strips working in a spiral method starting at the outer edge. Fill in spaces by traveling yarn and locking medium. Sew in tails.

Trace template on fabric for backing. Cut out and trim 1/8" - 1/4" inside outline.

Apply small bead of Quick Grip around the edge press on backing. Let dry.

Use Quick Grip adhesive to glue on felt balls for eyes and buttons. Let dry.

Attach 12" contrast strip for hanging.

Wrap accent ribbon around neck as scarf and tie. Repeat to make another friend!

Enjoy hanging friends in a special place. Refer to the "Hook, Loop, & Lock" book for additional illustrated locker hooking instructions.
