G-STAR RAW //ABOUT THE BRAND

'Just The Product

Established in 1989 in Amsterdam, G-Star Raw has always been focused on creating high quality products through fusing high level craftsmanship with edge. The Raw in the name comes from the fact that the company is known for sourcing the rawest materials and changed the way denim was worn. By releasing untreated denim jeans to the market they changed the way people wore jeans forever. Their raw jean and fresh style became a must have for men around the world.

We are passionate about sustainability and that's why we are ecstatic to add G-Star to our repertoire. G-Star designs with the future in mind, taking steps every day to innovate their process to make sure they are having a positive effect on people and the planet.
