Environmentally Responsible	<ul style="list-style-type: none"> • Biodegradable Formula reacts to neutralise invasive alkaline effects. • Plant based materials

NO CHLORINE | NO PHOSPHATES | NO NITRATES

DIRECTIONS FOR USE

Spray the Mould Cleaner over the area of mould contamination and leave for at least 15 minutes. Wipe the area with a damp cloth to remove the contamination.

For best results and to prevent mould returning it is necessary to remove the source of moisture by fixing leaks and increasing ventilation. When cleaning mould it is recommended to wear gloves and a respirator or mask to prevent contact with potentially dangerous mould spores.

Contains: Water, Ethanol, Fatty Alcohol Ethoxylates, Lauryl/ Myristyl Dimethyl Benzyl Ammonium Chloride, GLDA, Tea Tree Oil, Eucalyptus Oil, Rosemary Oil, Citric Acid.
