Why Probiotics?

Probiotics are key elements to our overall health and well-being! These living bacteria work as balancing agents for non-friendly, pathogenic bacteria that often live in the digestive tract and are the root cause of many of the chronic ailments we suffer from today. Probiotics such as L. Acidophilus actually work to create a natural form of antibiotics in the body, helping to increase our body's ability to produce anti-microbial action against the pathogens found in the FOODS WE EAT, AIR WE BREATHE, & **the things we come into** contact with.

Why PuraLiyf?

PuraLiyf Probiotics excel far above the rest! We combine five synergetic strains of friendly bacteria that are enzyme enhanced with proteolytic enzymes!

PuraLiyf Probiotics are the perfect supplement to boost your body's natural probiotics that have been destroyed by everyday stresses, unhealthy

lifestyles, or acidic diets.

The secret behind PuraLiyf is the use of patented DDS-1 Acidophilus, a unique & highly-stable probiotic of human origin that directly and distinctly attacks negative,

unfriendly pathogens (such as viruses & bacteria), that often encase themselves in a protein shell.

With 40 years of documented, pre-reviewed research, DDS-1 has been

shown to naturally produce lactase, reduce serum cholesterol, and suppress H. pylori (a bacteria known to be the principle cause of stomach ulcers.) Research has also shown that this patented strain of L. Acidophilus produces the natural antibiotic called acidophilin!

Yet perhaps the most significant benefit of this superstrain is its ability to **Stimulate the Immune System**, ultimately benefiting the skin and combating yeast and fungal infections.

While other acidophilus products may provide some of these benefits, ONLY DDS-1 has been shown to provide them ALL!

Heat Stability

L. Acidophilus DDS-1 is heat stable at room temperatures for up to 2 years with ~7% loss.

Bile & Acid Stability

4 Stars: Very highly resistant. (80 - 89%)

5 Stars: Extremely Resistant. (90+%)

Bacteria Strain	Bile & Acid Resistance
L.Acidophilus DDS-1®	★★★★
L.Plantarum	★★★★
B.Bifidum	★★★★★
B.Longum	★★★★
B. Coagulans	★★

“I recommend PuraLiyf to my friends and family to aid the digestion of their food, or when dealing with Yeast, Indigestion, Candida, or any intestinal disorder”

– Lou Corona
