

Model: BLZ-20-KAMADO

Features:

- Introducing a tough kamado grill designed to provide a lifetime of performance and memories
- Made from one-inch thick solid cast aluminum
- The heavy-duty 12mm hexagon, 304 stainless steel cooking grate retains heat and helps you achieve an excellent sear
- The non-porous grill body allows you to use any type of charcoal or wood, as well as any material for lighting the charcoal without worry of damaging or absorbing into the grill body
- The 20-inch diameter cooking grate is hinged on both sides so you can easily add wood or charcoal without completely removing the cooking surface
- A mid-level 18-inch cooking grate is also included which allows you to cook closer to the fire, add a drip pan or a heat deflector for indirect cooking
- The lid hinge is made from 304 grade stainless steel and features a convenient lift assist for easy opening and closing
- The innovative seal provides excellent heat retention with no seepage

**Blaze Grills offers an impressive
Lifetime Warranty**

Safety Precautions:

- Your application will have additional requirements, consult owner's manual for full instructions.
- Ensure your island cavity is adequately vented. Number of vents shown in diagram is for informational purposes only. Consult your local licensed professional for adequate requirements.
- Ensure your outdoor kitchen is constructed out of non-combustible materials.
- If your outdoor kitchen is constructed out of combustible materials, an insulated jacket is REQUIRED.
- Cutout dimensions do not allow for lid clearance or other measurement requirements. Consult the Owner's Manual for specifics.

Important Note to Installer: This file is not intended to replace your Owners' Manual which contains specific safety requirements and consumer guidelines. Please refer to your Owners' Manual prior to installing or operating your built-in grill.
