FEATURES & BENEFITS

Control

The thermostatically controlled temperature ranges from 140°-230°F.

Capacity

A removable stainless steel shelf means there is enough space for up to six standard-sized dinner plates.

Quality

Constructed from 304-grade stainless steel with superior weld and finish, DCS warming drawers are built to last.

Finish

The neutral stainless steel finish, refined handle profile and consistent detailing ensure DCS built-in products install seamlessly into your cabinetry.
