

SMART BABY CAMERA

Product Description

The Childcare Smart Baby Camera is a portable Wi-Fi video baby monitor camera that enables you to keep an eye on things from anywhere in the world on your compatible smartphone, tablet, or computer. The Hubble app allows you to have mobile viewing on your device so you can always stay connected to what's going on. The vivid and clear footage, thanks to its 720p HD video streaming along with the motion detection, two-way talk and infrared night vision will give you peace of mind that your little one is healthy and happy.
