

# Tap 'N' Play Balloon

**Yookidoo**<sup>®</sup>  
celebrating discovery

## A multi textured battery operated music and sounds balloon that easily attaches to the crib, stroller or gym.

Early stages – development of motor skills and tactile stimulation – let your baby explore the toy with his fingers, mouth and skin. The Tap 'N' Play Balloon is designed and constructed from different fabrics and textures in order to stimulate tactile development. Tap the hot air balloon for a musical feedback teaching cause & effect processes. By repeating this action, your baby will eventually learn how to activate the music and sound effects by himself. Attach the hot air balloon to the stroller, to the baby carrier or to the gym to encourage baby to reach out and explore.

### Features

- Motion activated stroller toy with sound effects and music.
- Tap the hot air balloon basket for a musical feedback.
- Includes multiple textures and rattle rings.
- Includes a Yookidoo alligator clip for attaching to strollers, baby seat carriers and gyms.

Specification	Length	Width	Height
