## Ready Freddy Spray 'N' Sprinkle

Connect any one of the fireman accessories and pull the lever handle on hydrant to activate the battery-operated circulating water pump (CWP) and Ready Freddy's googly eyes will start rolling as he draws the bath water and uses it to spin, swirl, sprinkle, and spray all around!

All interchangeable accessories attach to Freddy's body for easy play & storage.

Eco-friendly - the unique CWP mechanism is eco-friendly as it reuses the bath water.
