it's the little things.®

## BUBBLIN' OVER WITH FUN!

Let's face it: nothing works as well as air drying those freshly washed baby bottles and cups. Our Fold™ Drying Rack helps keep your kitchen counters clutter-free and your feeding accessories dry. Ideal for use with bottles, nipples, cups, straws, valves, pump parts and more. Two peg heights accommodate all bottle and accessory sizes, and a slotted row holds 8 standard and wide-mouth sealing discs upright. The pegs fold flat for easy storage and have rounded tips to prevent scratching, while the built-in reservoir collects excess water to keep countertops dry. Easy-to-grasp handles allow for easy lifting, and there's absolutely no assembly required. This drying rack is a bottle washing must.
